

To the teams participating in the T20 Mumbai League 2018

15th March 2018, Mumbai

Dear Team Operators,

Please find below the dug outs rules which needs to be followed and complied with:

The player “dug out” forms part of the Players and Match Officials area which is the subject of certain important guidelines (the latest version of which will be uploaded to the T20 Mumbai website shortly).

A set of photographs identifying persons who may join the players from each team in their dug out will be attached to the dug out for each match. No-one whose name and photograph does not appear in this sheet may join the players in the dug-out at any time during any innings. For the sake of clarity, up to 6 Team officials may sit in the dug-out: being the coach, assistant coach, mentor, trainer, physiotherapist and analyst. No person performing any other role may sit in the dug-out.

Your co-operation and understanding is appreciated.

Regards,
Compliance Team
Probability Sports India Private Limited.
